## HAVING A BLAST!

July has arrived and summer fun on our campus continues to grow! With more students each week, many fun and engaging adventures, new friendships coupled with old friends being reunited, it's a blast! There's nowhere we'd rather be, and we're so glad you are here, too! Be sure to check out the activities below. This week's plans are out of this world... LITERALLY! With five weeks of summer left, it's never too late to sign-up! Visit your [Summer Portal](#) to add days and weeks! AND... don't forget to Tell a Friend! *Securing your spot in advance is appreciated!*

## BEAT THE HEAT!

As summer temperatures are continuing to rise, be sure to send a water bottle with your child's name on it, and apply sunscreen before coming each day!

### WEEK 6 ACTIVITIES & SCHEDULE: 3-2-1 BLAST OFF!

*Over the course of the week, the students will become part of our Flight Crew as we journey into Outer Space asking and answering questions about the Milky Way. Why is the sun so hot? What are Saturn's rings made of? Who is Neil Armstrong? What happened to Pluto? Was a car really launched into space? And perhaps the most important question of all: How do astronauts go to the bathroom without making a huge mess? Climb aboard the shuttle and join us for a week that is sure to be Out of This World.*
