

## HEIGHTS CHRISTIAN SCHOOLS

Dear Parent or Guardian,

As per the guidelines of the Healthy Schools Act, parents or guardians of students are provided with an annual written notification of expected pesticide use on school sites. The notification will identify the active ingredient(s) in each pesticide product and will include the Internet address (<http://www.cdpr.ca.gov>) for further information on pesticides and their alternatives. This information is available and posted on our website: <http://www.heightschristianschools.org/bulletin-board/integratedpestmanagement.cfm>.

Parents or guardians may request prior notification of individual pesticide applications at the school site. If you are listed on this registry, you will be notified at least 72 hours before pesticides are applied. If you would like to be notified every time we apply a pesticide, please submit a written request to:

Heights Christian Schools, District Office  
1225 N. Hacienda Blvd., La Habra Heights, CA 90631

Please include your name, address, phone number or e-mail address and site your child is attending so you can be contacted.

If you have any questions, please contact your campus Principal or Director.
